

## PRESS RELEASE

Monaco, June 21<sup>st</sup>, 2022

---

**Columbus Monte-Carlo Hotel**, a boutique-hotel in the Principality, is pleased to announce the opening of its Kids Club.

Renowned for its sporting leisure and business clientele, the only hotel in Monaco's residential and green Fontvieille district extends its offer to attract families, by being one of the few hotels in Monaco to offer this full-day service for children.

With this new offer, the Columbus Monte-Carlo aims to give parents more freedom to enjoy a unique stay in Monaco, and even to work in complete serenity.

Conceptualised by **Les Petits Monaco**, it took the Columbus' teams several months to develop and to arrange this under-the-sea themed concept in an entire Riviera suite with sea view. The **Kids Club** is a place dedicated to conviviality, sharing and fun, under the supervision of an animator entirely dedicated for children.

Open during the Summer season, the Kids Club has been designed to offer the best service for families and fun activities for children from 4 to 10 years old with activities around arts and sports. We also created prevention workshops to sensitize children about the environment a subject which is close to the heart of our General Manager, Victoria Stevenson.

In addition to this, a lunch at [Tavolo](#) - the hotel's restaurant - is included in the daily fee. The restaurant offers Mediterranean cuisine, with fresh and seasonal products. Finally, as an option, children can enjoy a Friday movie night in an entire, dedicated room, in this hidden gem of the Principality.

This service completes the range of offers already available for families, including lending of balance bikes, tricycles, and scooters for children in partnership with [Banwood](#), a wide choice of board games and a “petanque” court to create unforgettable family moments. Finally, connecting rooms and a Family Suite are available as well as a complete range of products and accessories for our youngest guests, not forgetting parents to be with the [Baby Moon](#) offer.

Columbus Monte-Carlo reaffirms its versatility here by further developing its offer for leisure tourism, allowing it to attract customers wishing to stay with their families in a green environment in the heart of the Principality, opposite the Princess Grace Rose Garden.

Lauren McCreery, founder of Les Petits Monaco, states: “I have been thrilled to be given the opportunity to design this inaugural kid’s club at the Columbus Hotel Monte Carlo. Given the sea front location and outstanding natural beauty of the surroundings, it was my aim to highlight and work with this in the design of this Under the Sea themed room. Sustainably produced toys and furniture is paramount to the ethos of Les Petits and was particularly important in the sourcing of products for this project.”

#### About Columbus Monte-Carlo

*The success of the Columbus is due to its unique concept in Monaco. Located in the quiet business and residential area of Fontvieille, not far from Monte Carlo, the Columbus is a popular hotel in all seasons. The hotel combines charm and discretion. The 181 rooms and suites reflect elegance and simplicity, creating a place of serenity. The « Riviera Chic » of the Columbus make its visitors come back.*
